The **right light** is everything

Home Lighting

Collection 2018

Enhancing life

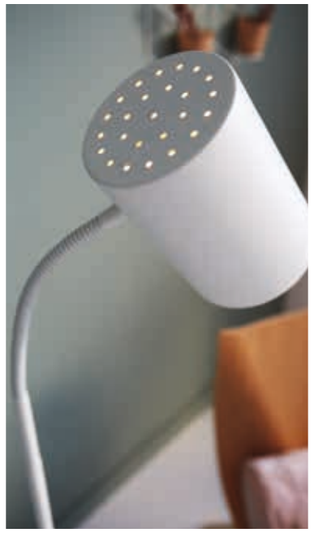
with light

At Philips Lighting, we're leading the way with innovative lighting solutions that inspire people to create the perfect atmosphere around the home.

Our investment in research and design places us at the heart of the LED revolution. We're powering the transition from traditional bulbs to luminaires, new solutions and applications – and showing people ways to enjoy light in a whole new way.

We use light to help families make every area of their living space do more – in ways that save energy and safeguard the environment. Our lighting choices give people countless ways to express their own style, and create their own solutions with different ways to control light and use contemporary effects, colors and shades.

We also want every one of our customers to have the information and confidence they need to find the right product every time.

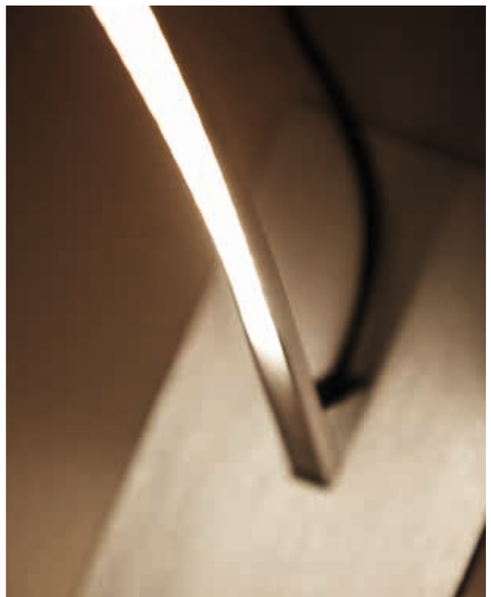


"For us, the perfect light and atmosphere is what turns a good home into a beautiful one."

PHILIPS

With every person, comes a different style. Style can be defined by a lot of things, including the place we live. And as lighting can define a home in the way it looks and how it feels, choosing a lamp is also an expression of our own style. This particular style, we call light style.

Create your own light style with Philips Decorative Lighting. Philips' extensive range of decorative pendants, wall lamps, ceiling lamps, table lights and floor stands will complete your home interior design. We are also launching several new collections of lamps to create your ideal light experience, helping you to work, entertain, relax or rest. Quality materials and attention to design, details and finishing complements your decor.



PHILIPS

WarmGlow dimming

the more you dim, the warmer the light

Warm Glow Dimmable Light

The Philips Warm Glow range delivers a warm glow light effect taking LED dimming to new level by creating a warm, relaxing ambience for your consumers' precious moments.

WarmGlow dimming **vs** LED dimming

Both lumen output and color temperature changes.

Only lumen output changes.

Unique dimming

technology

Dimmable

Philips is the first to introduce LED spots that work with all dimmers. Simply use your current dimmer, or any dimmer you want!

click!FIX

It's easy and quick!

No more worries or frustrations when mounting your new spot lights.
Philips introduces click!FIX – a new way to mount your lights in 4 easy steps.

SceneSwitch

One fixture. **Your switch.** Three light settings.

Some situations call for a bright functional light, others benefit from the ambiance of a soft light. With the Philips SceneSwitch LED spots, you can easily change the setting from bright light, to natural light and to a cozy warm glow. No dimmer or additional installation required. All you need is your existing switch.

How does SceneSwitch work?

Three light settings*

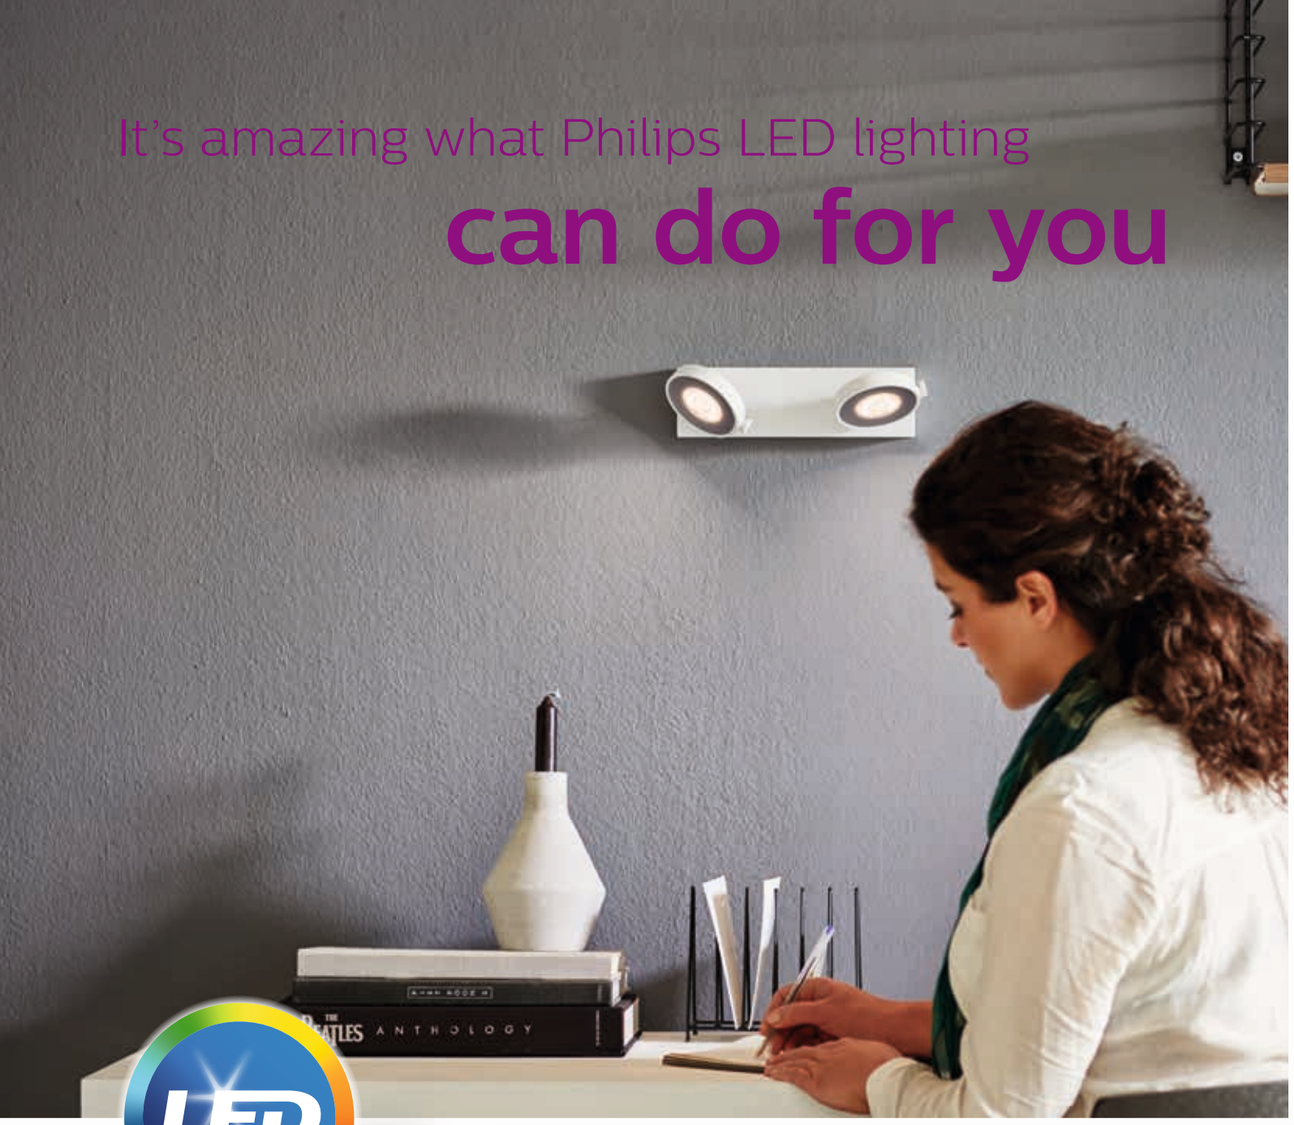
This allows you to switch from **functional lighting** to **natural light** and to a **cosy warm glow**.

Simply plug and play

No dimmer or additional installation needed.

Works with your existing light switch on the wall.

* 2700k 100% - 2500k 40% - 2200k 10%



Powerful, warm and energy saving, Philips LED is a lighting revolution for your home

Today’s LED technology is ready to take centre stage in your home as the main source of light. Powerful, warm and even, LED light is beautiful to view and a wonder to experience. It’s innovative too – many Philips LEDs have special optics that allow you to create stunning new light effects. Whether you want to define a wall or feature with a directional beam of light, or illuminate a room evenly, Philips LED lighting lets you do it all.

With LED, variety means there’s always a light effect or luminaire design to get the most out of your home. LED technology allows ground-breaking designs of inspiring purity and beauty, and Philips offers the widest range available. LED provides incredible energy efficiency too, all without sacrificing light quality, power output or choice. No doubt about it – there’s a bright future for LED technology, and Philips is leading the revolution bringing it to your home.

Warm ambiance

- Warm white light for a comfortable atmosphere
- Dimmable light for the perfect ambiance (depending on articles)
- Brings out vivid colors in your home
- Light turns on in an instant

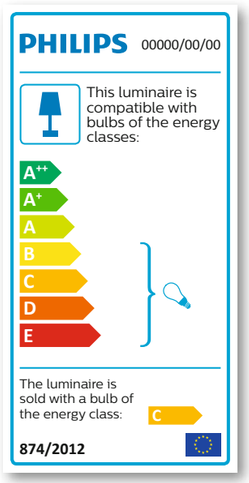
Eco-efficient

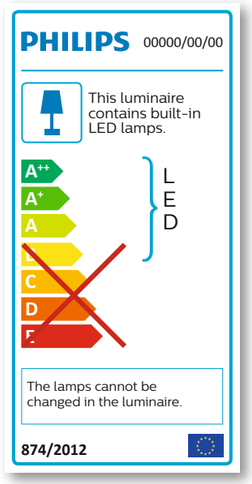
- Long lifetime
- Low energy costs

EU policy on Energy Label for lamps and luminaires **EU 874/2012**

What is it?

With regulation (EU) no. 874/2012 regarding energy labelling of electrical lamps and luminaires it is required that our consumers - the end users, are informed about the energy efficiency of our products. The EEL conformity will be in place from 01.09.2013 (for Lamps) and 01.03.2014 (for Luminaires).





Our approach:

How we translate this in this catalogue?

example 1

Fresco

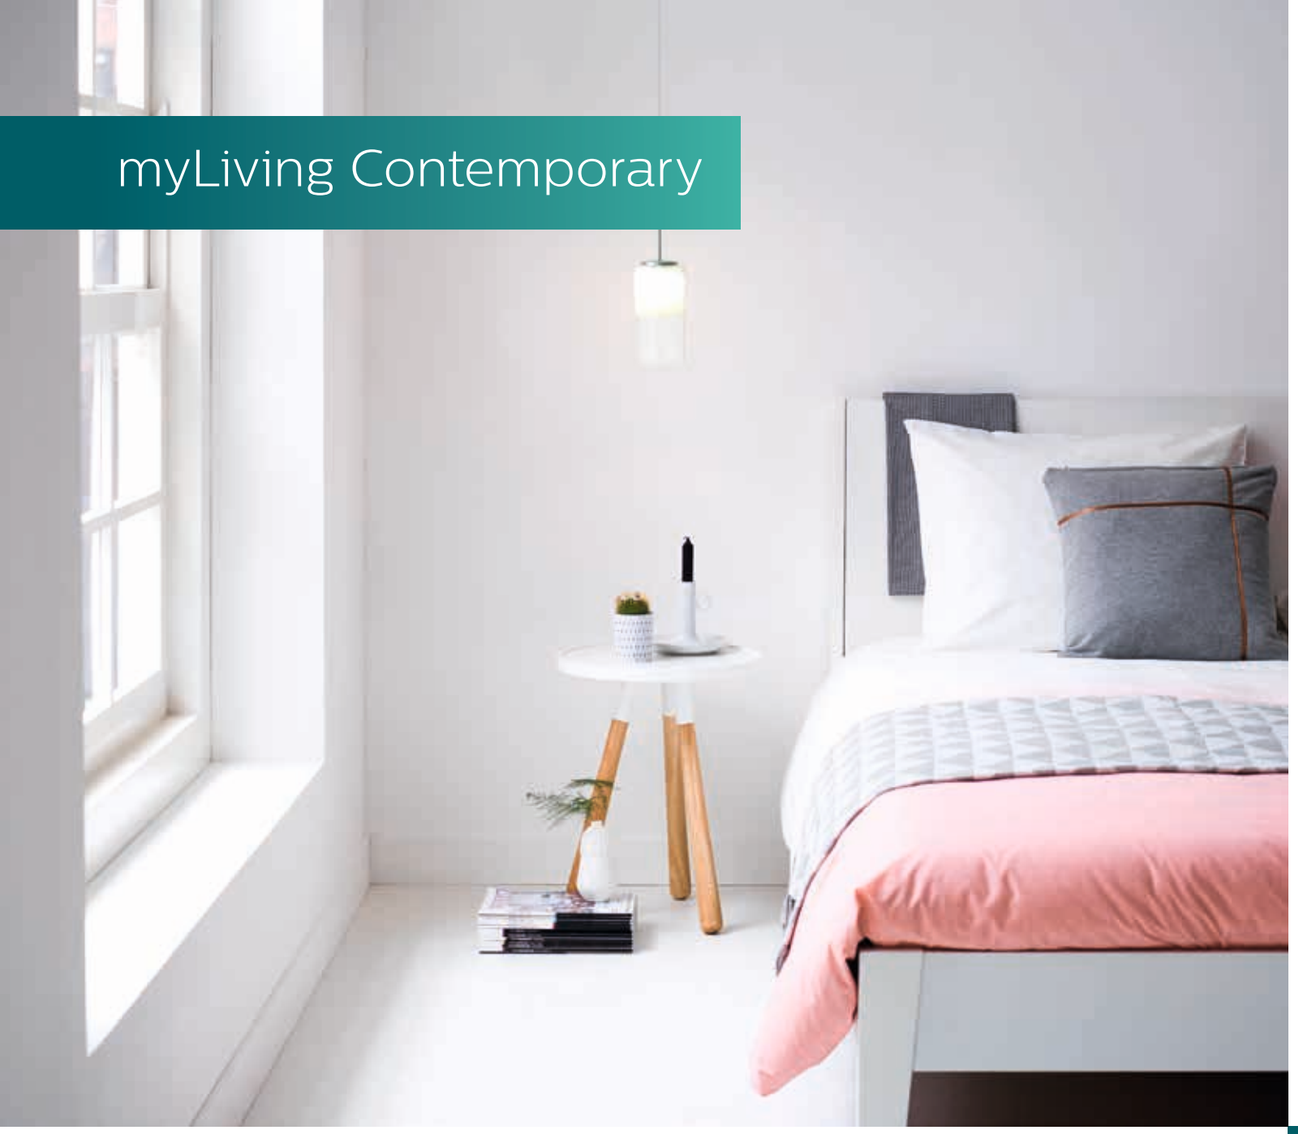
Living room

The living room is the heart of any home

A place where families gather and relax and guests socialise. Lighting for this area has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and to give the room a warm and welcoming feel.



myLiving Contemporary

Everything you need

to save in style

Current, understated yet distinctly stylish, Philips myLiving Contemporary collection spans from floor, table, wall and ceiling lights. Designed around the latest tastes, trends and lifestyles, they blend effortlessly into your décor and bring out the best in your home.

Whether it's a cosy corner to curl up with a book or an open area to entertain friends and family, you can now set the theme for any area of your home using hue and textures to define that localised ambiance that you have always desired.

Tip

"For a dramatic effect on your objet d'art, use a pair of directional spots over it. At the correct distance from the wall, these spots cast a flattering wash of light over it and add drama to your display."

Concept **benefits**

- Superior light quality with Philips lamps included
- Dimmable to create ambiance at home (on selected articles)
- Warm white light – based on various light technologies

Timeless class and **crafted elegance**

Philips myLiving Heritage exudes timeless class and crafted elegance. With their subdued and modest forms, myLiving Heritage are particularly suited for those that seek harmony in timeless interiors.
The lamps are sturdy and well-made, with crafted fabrics, metals and glass that enhance the feeling of quality. To help diffuse the light and create a softer ambience, they also have textured finishes, carvings and other embellishments; while a tasteful color palette of natural hues helps complete the effect. A perfect way to create that cozy and homely feel, with a timeless look.

Tip

“To decide the placement of light sources, one must first determine the purpose of the room — study, rest, sleep, work or play. These functions should be clear before the process of lighting.”

myLiving Spots

Give your lighting a new direction

There's almost no end to what you can do with myLiving Spots. Use them for close-up reading or task work, or to create ambient lighting – or even to highlight your favourite pictures or objets d'art. myLiving Spots can do it all, and look great too. Give your lighting a new direction.

SceneSwitch

One lamp. **Your switch.** Three light settings.

Works with your existing light switch on the wall

Some situations call for a bright functional light, others benefit from the ambiance of a soft light. With the Philips SceneSwitch LED spots, you can easily change the setting from bright light, to natural light and to a cozy warm glow. No dimmer or additional installation required. All you need is your existing switch.

Home Office

Make light work for you

Whether we work or study in the living room, bedroom or a dedicated home office, today's work area is the center of any home. And with so many of us working for longer, it's really important to have desk lighting that's kind to your eyes, and keeps you focused and remain productive.

Kids room

We love our children

There's no denying it – we love our children and we only want the best for them. We will do anything to ensure that their well-being is taken care of. To do this, we start by providing our child a friendly sanctuary within the house – their own bedroom. This sanctuary will be a source of comfort, an area of inspiration and a place that they call their own.

myKidsRoom

A fun world of colour and **creativity for kids**

Philips myKidsRoom is a range of lamps designed for kids. Available in a variety of colourful and exciting designs, they help create a world that encourages children to do what they enjoy most – have fun and be creative. All of the lamps have a diffused warm white light that is comforting and cosy – not to mention ideal for magical bedtime stories. Explore the collection and see how light can make a big difference for your little people.

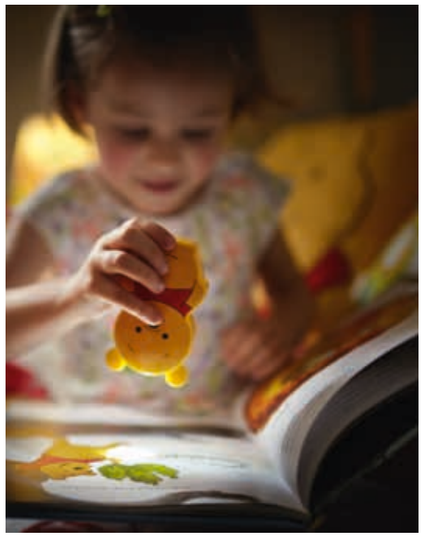
A unique **partnership**

As a parent you know how active and amazing a child's imagination can be and their bedrooms are a portal to it.

By combining the experience and innovation of Philips with the fantastic magical world of Disney and its rich storytelling content, Imaginative Lighting has the power to transform bedrooms into worlds of wonder. It can spark imagination, make key moments more special and routines more fun. It can make story time more enchanting and absorbing. It can help your children feel safer at night, sleep better and wake brighter.

Together we can inspire amazing memories, with exciting, dynamic and interactive lighting that your whole family can trust and enjoy.



"There is a Philips and Disney lighting solution for every moment of your and your child's day."

Walt Disney Animation Studios presents an epic tale of adventure and comedy with Frozen. When a prophecy foretold traps a kingdom in eternal winter, Anna, a young woman with dreams of a better life, and Kristoff, a daring mountain man, team up on the grandest of journeys to find the Snow Queen and put an end to her icy spell. Encountering Everest-like extremes, mystical creatures and magic at every turn, Anna and Kristoff battle the elements in a race to save the kingdom from destruction.

First there was Finding Nemo - now there's ***Finding Dory****, a film about the aquatic adventures of Dory the Pacific regal blue tang, one of Nemo's fishy friends. This colorful range of Philips Disney Finding Dory lamps, lights and projectors lets girls and boys transform their bedroom into Dory's dreamy blue world filled with fun and friends. It's the perfect way to relive and retell Dory's playful journey as she finds her way home to her family with Nemo and all the old gang.*

Bathroom

An oasis of serenity

The bathroom is the place we begin and end our day. We start our morning task-oriented activities like brushing our teeth, shaving, styling our hair and ensuring that our make-up is done to perfection. In the evening, the bathroom transforms into a place of comfort as we wind down and soak in a hot bath, before retiring to bed. It's an oasis of serenity in each household, and deconnecting it with the night light will only ensure that you have an extremely enjoyable start and end to your day.

myBathroom

Freshen up with beautiful

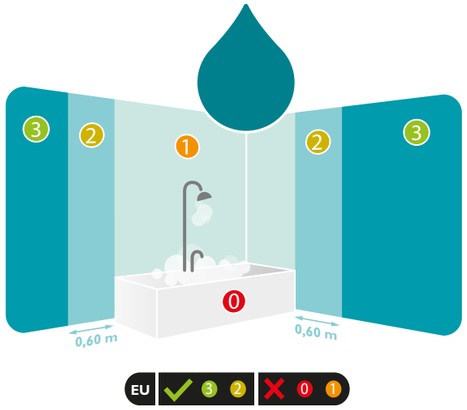
natural light

MyBathroom's high-quality light sources provide the right kind of light for every bathroom need, supporting your daily grooming activities and giving you complete confidence in the results. There's a wide choice of wall and ceiling luminaires. The collection offers large ceiling fixtures that light your whole bathroom in a comfortable and pleasant way. In addition, there are wall lights that provide bright, shadow-free light for precision tasks at the mirror, such as shaving, applying make-up and putting in contact lenses.

Sealed tight

Sealed tight to keep out moisture for a completely safe and well-lit bathroom

Sealed extra tight to a rating of IP44* or IP65* and certified water resistant, each myBathroom luminaire is suited perfectly for humid environments – even near a shower, sink or bath. The fully-sealed premium body is sleek and smooth, which looks great too.



BATHROOM SAFE

IP65 IP44 IP23 IP21

* The IP rate identifies the Ingress Protection against humidity and dust. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water.

Tip

"For perfect lighting on the face, light a mirror from the top and side, using overhead and side lights. This eliminates shadow and creates a focal point at the mirror's center from the converging light beams."

Concept **benefits**

- True skin color with high quality light
- Superior light quality with Philips lamps included
- Perfectly suitable for humid environments
- Energy saving

Functional Lighting

Accent lighting at its best

Functional lighting ensures all areas of your home are well lit and safe, as well as pleasant to experience. Philips functional lighting is designed to blend in with your home decor and brighten up your living, storage and in-between spaces.
It casts a clear, warm glow throughout your home.

Functional Lighting

Accent your home

with light

Philips recessed spots range represents superb minimalist recessed spotlights designed to blend with your interior decor. It lets you be bold in the way you use spotlighting in your home. Distinctive without being overstated, each spotlight is designed to complement its surroundings. Install spotlights in walls, ceilings or features such as bookcases or cabinets while still maintaining the look you want. Best of all, this range of powerful luminaires uses the very latest energy-efficient halogen, energy saver and LED light sources. Beautifully brilliant yet wonderfully warm, the light is every bit as appealing and cosy as that of conventional bulbs. Energy saving too, it ensures a warm glow inside to match the warm glow of light.

Highlights

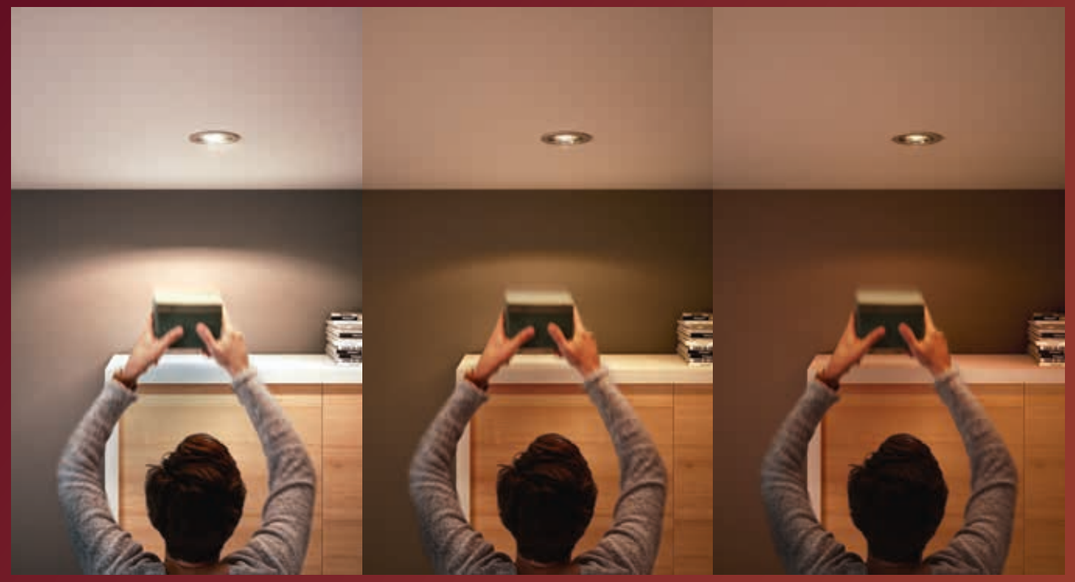
Hadron

Tip

"Recessed spots can be set within a niche in a wall to provide strong, reflective rays of light to illuminate every part of the display object in the niche. A single, wider and dispersed beam of light will reflect well off each surface of the niche."

Concept **benefits**

- Accent lighting, perfect for emphasising special features in the room
- Superior light quality with Philips lamps included
- Warm white light based on various light technologies
- Energy saving



WarmGlow dimming

the more you dim, the warmer the light

The Philips Warm Glow range delivers a warm glow light effect taking LED dimming to new level by creating a warm, relaxing ambience for your consumers' precious moments.

MoodLighting

Everything you need to set the perfect scene

Sometimes it's all about capturing the moment. Philips offers lighting solutions to match your mood and help you create great moments. Choose from a variety of ways to set the right atmosphere by using light & colour in your home. LivingColors, Candles & LightStrips are everything you need to set the perfect scene. Elegant designs combined with LED based technology make you enjoy lighting that really fits your mood. How will you colour your world with light?

Candles

Color your world with light

Stylish, flame-free and rechargeable, Philips CandleLights and TeaLights use LED technology to add warmth and elegance to any situation safely and easily. Designed to create the perfect backdrop, you can use these lights to enjoy a romantic meal for two, celebrate with friends, take it easy alone, or give a new look to a familiar space. Natural in light and appearance, CandleLights and TeaLights look just like a real candle. Except, of course, you'll never need to worry about finding the matches again.

Colour your world **with light**

Imagine creating a bright sunshine yellow to warm your soul, or romance in shades of red – all in the comfort of your own home. Choose a colour and take your living space to a whole new level. Make dinner parties feel extra glamorous, get ready for a night out, or simply unwind after a hard day's work. From vibrant electric blue to pale leaf green, LivingColors' advanced LED technology lets you select from a spectrum of 16 million colours that reflect every kind of mood.

Concept **benefits**

- Vary your ambience with coloured light
- Let the colours blend naturally into your interior
- Just the right amount of light impact

myGarden

Enjoy a beautiful garden **with light**

Outdoor lighting can improve the look of your garden or outside space, illuminating eye-catching features, lighting pathways with style or creating the perfect ambience for those memorable evenings with friends and family. That's why Philips has created myGarden, a range of beautiful decorative outdoor luminaires with the flair and functionality to help you make the most of your outdoor space in your own style.

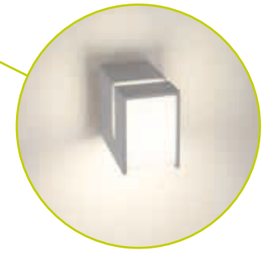
Tip

"Different lamps give different qualities of light. EcoHalogen sparkles and invigorates, EcoClassic warms and comforts, while LED light brings out the vivid colors in your garden. All Philips Energy Saving lamps give a warm diffuse light that's even and pleasant."



Concept **benefits**

- High quality light with Philips lamps included
- Multiple applications to match your needs
- Resistant high quality material, built to last
- Energy saving

Sensor lights

Always light when you **come home**

Philips sensor lights give you a warm welcome every time you come home, and helps to keep you safe at night with the comfort of well-lit walkways, driveways and front areas. They are equipped with infrared motion sensors. These detect movement and switch the light on automatically when you or anyone else visits your home (and switch off again afterwards).

Highlights

370
Capricorn

372
Raccoon

374
Robin

Tip

"Mount a standalone sensor on one of the corners of your house to detect movement in the widest possible angle and to switch on several light points at the same time."

Concept **benefits**

- High quality light with Philips lamps included
- Easy motion sensor set-up
- Smart motion sensor for automatic light switch
- Energy saving

Orientation lights

Illuminate your garden
at night

Outdoor lighting can improve the look of your garden or outside space, illuminating eye-catching features, lighting pathways with style or creating the perfect ambience for those memorable evenings with friends and family. That's why Philips has created myGarden, a range of beautiful decorative outdoor luminaires with the flair and functionality to help you make the most of your outdoor space in your own style.

Explanation of symbols

- On/off switch
- Two switches included
- SceneSwitch
- Dimmer on article
- Touch dimmer included
- Compatible with wall dimmer
- Warmglow dimming
- Motion sensor
- Day and night sensor
- Integrated switch box
- Directional light
- Bi-Directional light
- Adjustable height
- Adjustable light source
- Rotates freely
- Suitable for horizontal and vertical mounting
- Suitable for wall and ceiling installation
- No wire needed
- Batteries included
- Energy class of the bulb (in this example A+)
- Bulb compatible with range of energy classes... (in this example A+-A-B-C-D-E)
- USB-charged

- Dimensions
- Recessed size
- Cutout size
- Class I - II - III
